THE ANMUT GOLD COLLECTION

A TOUCH OF LUXURY

The Anmut Gold collection features elegant white Premium Bone Porcelain and hand-painted decorative lines made with the hand polished 20-carat gold. The innovative “Inglaze Gold” technology lets the high-quality decor sink deep into the glaze during the firing process, protecting the precious gold and making the entire Anmut Gold collection dishwasher-safe. The interplay of Premium Bone Porcelain and real gold give the collection it’s distinct sense of style and class. Perfect for anyone who loves both quality and elegance.
